Terms of Sale

All sales are cash on day of sale.

Buyer Discount and Risk

Haul your bulls home on sale day and receive a \$200/head discount. We would be glad to take your bulls home and feed them if you prefer. All bulls taken home are at the buyers risk for injury or death and we strongly suggest that you have insurance on your purchases. Insurance will be available sale day. No discounts on heifers.

Conditions of Sale

All animals will be sold in accordance with the suggested guidelines of the American Simmental Association and are available by request.

Semen Interest

Bell Family Simmentals will be retaining a 1/3 semen interest in all bulls. Full possession and salvage value belong to the Buyer unless otherwise stated.

Bata bulls will sell 100% interest with the rights to 100 straws of semen at our expense.

Breeder Guarantee

As BBS is a dispersal sale, all cattle sell with no further guarantee. Any known defects will be announced before the cattle are sold.

Announcements

Announcements on sale day take precedence over printed material.

Trucking

Free bull delivery within North Dakota, SD, MN, Eastern MT and for Canadian buyers the nearest port of entry. We will fertility test all bulls prior to delivery and guarantee them as breeders. Delivery will begin April 1. All other locations trucking will be the responsibility of the buyer. Heifer buyers will be responsible for pick-up of heifers either in Rugby or on farm. Please make arrangements before the sale.

We welcome you to our 27th Annual Bull and Female Dispersion sale!

The year has been a challenging one again as the weather is constantly giving us a new look. The crops in this region were just average depending on where the rain clouds came over. The mild dry winter scares us of an upcoming drought.

We hope all our friends and many customers have had a healthy and prosperous year. The purebred cattle business is all about meeting and making friends and the part we love most. We wish to thank all our great customers who have believed in and supported our program over the past 40+ years. We have tried to breed functional cattle that add to your profit at the end of the year. Again, Thank You!

An era will end on Feb. 9th as it is our last big sale. We are offering a great set of yearling bulls, 9 two-year-old bulls and ALL our bred and open heifers. Nothing is held back. Next year we will have a small selection of 2yr old bulls as there is a group of April/May born bulls with great genetics and big weaning. Just too young for this year's sale. Be on the lookout for them next year.

The open and bred heifers include many flushmate daughters from our great donor cows. Z7, D608, F807, and B40. Only in a dispersal would you get the chance to buy these outstanding females. If you need a 4-H or FFA project, many of the opens will compete at shows and then make great cows. The sires are by rare bulls like R+ Uppercut, R+ Reddington, and RF Caliber. Also, our great herd bulls that we spent a lot of time researching and buying over the years. Be sure to check out our semen offering on our herd bulls in the back of the book. The Skors Blackjack progeny are some of the best out there. His sons will start our sale again for the second year this year.

Early this fall when we were bringing the cows in for a dispersal sale, we were approached by neighbors and friends if we would consider keeping the entire herd and herd bulls together. It was hard to say no, so they are the new owners of the mature cows and herd bulls. The Dale Pesek, Jaedyn Pesek and Eric Haugland Families will begin Silver Dollar Simmentals just 5 miles down the road and carry on our 40+ years of breeding performance cattle. Watch for them to be selling breeding stock next year. We wish them the best!

We thank the Bell Family for being great sale partners and wish them good fortune in the coming years. They purchased a large group of our bred heifers last year and have purchased all of our embryo inventory. Watch for those BBS offspring from our best donors in the future.

The BBS program will have a few cows around as Mark's boys, (Hudson, Leo and Harris) purchased a few show heifers and will start their own small herd. Hopefully they will have a few calves to market next year. We will continue our large grain farm operation and have a little more time to spend with family in the winter months. We thank all our help around the farm especially our full-time hand Gene Myrvik who has spent a lot of time helping picture, video, and get cattle ready for this sale for many years. Also, the Brent and Codi Kuss family for managing the cow herd and raising the embryo calves. Thank you to everyone else who has helped us out along the way! The future of the cattle industry is looking bright, the opportunities in this sale don't come every day. We look forward to seeing you Feb. 9th!

Bata Brothers

Joe, Chris, Mark

Homo Polled. Homo Black. ET. Wow! Grab on to these 2 powerhouse Blackjack sons. L10 ranked #5 Adj. YW and daily gain. Dam is the great BBS Catwoman F805, a full sister to BBS Batman F4 who topped our sale at \$31000 to Kunkel Simmentals. The grand-dam is D608, who produced last year's great flush. Check on K221 in the bred section. A cross of F805 and R+ Uppercut, that could be the next great flush cow.

Homo Polled. Homo Black. ET. An ET brother to L10, and they really look alike. If you breed cattle to grow, tie these 2 together. The growth EPDs for weaning, yearling, and milk are at the top of the breed. Blackjack X Riddler always works. The grand dam is Z7, she produced the \$35,000 BBS True Justice. Z7 has 3 breds and 1 open heifer in the sale. All have actual weaning weights from 740# to 815#. Grow! Grow! L11 ranked #4 for ADG. If not for a dispersion, 1 of these 2 would be our next Herd Bull.

Homo Polled. Homo Black. A growth leader in the pen, he ranked 5/38 at weaning to ratio 110 and ranked 6th at yearling to ratio 107. Check his high growth EPDs, as he ranks in the top 1% for weaning, yearling, and ADG. His dam was 17/52 at weaning and the grand-dam W104 cow had the top weaning and yearling EPDs for years. Riddler crossed on a great growth cow family. If you like Riddler sons, grab this one as there is very limited semen left.

**Lot 3****Lot 4 BBS MARVEL L75**

Homo Polled. Hetero Black. Note from the bull pen that he is wide topped and super thick. One of the top EPDs in the sale, with 6 in the top 5% of the breed. His dam raised a high seller to Oscar and Gloria Kleven in last year's sale. API doesn't use growth and milk, so we don't use it. Go for pounds is our motto and the scale at the sale barn says the same!!

Homo Polled. Homo Black ET. A son of the Bull producer D608. We purchased one of the few semen packages on R+ Uppercut to sell in the US, and only fitting we flushed D608. He gives an outcross yet sires like Blackjack and Riddler. Cattle have growth, muscle, and are making great mothers. Check out the 2 full sisters in the open heifer pen. L310 was at the top of our 2023 heifers. Buy a whole family as there is K232 in the bred section. My Pick of the breds!! Joe.

Homo Polled. Dark Red. Non-dilutor. ET. We purchased a rare semen package on the \$161,000 R+Reddington to give our reds new performance genetics. He didn't disappoint as you look at this flush. His pedigree has some of the top red bulls in Canada. B40 is the foundation cow in our reds, having produced 28 progeny. The great high selling bulls BBS Frontier F8 to Circle G, Alberta, and the sale topper BBS Load'm Up D202, to McMillen Ranching, Sask. Several other sons have sold to the great commercial operations Johnson Stock Farms and Chris Fettig. A chance to power up your herd with 4 ET flush mate Bulls and 3 flush mate heifers in the open heifer section (L313, L315, L318). B40 has K222 and K228 by Red River in the bred section. They are sale toppers.

Homo Polled. Homo Black. Born late April, he hit the scale on 11-04-22, weighing 750#. He ranked 18/81, with a 108 ratio. His dam is producing low birth weight bulls. K163 ranked 14/86 for lowest birth weight. His 32.8 milk EPD is in the top 3% of the breed. Keep some heifers. These young bulls are the best of the best, just can't cut due to age when they have great genetic potential.

Homo Polled. Red. Non-dilutor. He is a Red from 2 black parents. He is Dark Red has an almost black face and my favorite bull all of last winter. I loved watching him develop. He was just too young, but now he gets his time to shine. A Blackjack X Riddler in a rare red package. He was 835# at only 6 months, adjusting to 869#. He ranked 3/81 with a 120 ratio, by Jan. 6 he was 1035#. He has great EPDs: wean 1%, year 1% ADG 5%, MWW 4%, carcass wt. 10%, YG 10% and REA 2%. His dam was 4/63 at weaning and 5/24 as a yearling. A full sister to K156 (L384) sells in the open heifers. If you breed red and want higher weaning wts. THIS is the BEST RED HERD Bull to SELL THIS SEASON!!

Homo polled. Homo Black. ET. The Z7 cow is the foundation of our performance Black cows. She produced the great D608 cow and BBS True Justice B10, selling to Hart Simmental, SD. for \$35000. Now only in a dispersion can you buy daughters that will start a new era in your herd. 2 full sisters, K218 and K234, sell in the breds. I would take them all home! R+ Uppercut had some of the top females in the R+ dispersion sale. We were one of the few to get a US semen package in 2020. Hudson Bata purchased a daughter of R+ Uppercut at the R Plus sale to start his herd.

Welcome to Bell Simmentals 8th Annual Bull Sale! The journey leading up to this moment has been a challenging yet rewarding path, mirroring the twists and turns of the dynamic cattle industry we proudly navigate. Despite the roller coaster ride, there's a sense of fulfillment that comes from being a part of this captivating world.

Reflecting on the years gone by, I am grateful for the exceptional individuals who have championed our program, transforming from supporters to valued friends, trusted business partners, and the trailblazers of our future endeavors. Our belief in the strength of our Bulls and Females remains unwavering, poised to continually improve, and provide top-tier products for the cattlemen and women across the nation. A heartfelt thank you to our loyal customers and friends who not only endorse our program but also spread the word about the excellence we strive to achieve.

In this year's offering, our 2-year-old bulls have been meticulously preserved for this moment, having undergone thorough testing to ensure they are free from any breeding diseases. Additionally, we are thrilled to present 40 outstanding yearling bulls that promise to exceed expectations and elevate your program to new heights on sale day.

As Bell Simmentals embarks on a new chapter with some transformative changes, we extend our well wishes to the Bata Family for their exciting journey ahead. To bolster our bull numbers, we seized the opportunity in 2023 by acquiring all Bata bred heifers, setting the stage for an explosive set of bulls and females ready to headline our 9th annual sale.

To our esteemed customers, whether you're a familiar face or a newcomer, we extend an open invitation to visit our ranch and delve into the intricacies of our program and feedlot. As we step into 2024, we wish prosperity and growth to all, eagerly anticipating the unfolding adventure that we are privileged to share with each one of you.

In the realm of hard work and dedication, dreams indeed come true. So, let's dare to dream big and dream often. Welcome to a spectacular year of possibilities!

Cow is straight Angus out of the Vermillion Ranch in Montana. Bull Sells with no papers. WDA - 3.6 & ADG 3.23.

Bell Simmental's Baldy Heifers Lot 229

In the Spring of 2023, we purchased another set of quality F-1 Replacement Female Baldy Heifers. Our goal is to establish commercial females designed to be compatible with the cattle industry while also being profitable by crossing them with Simmental/SimAngus™ bulls to maximize heterosis and profit to the ranchers.

At our 8th Annual Bull Sale, we are offering these 60 Top-Notch F1 Badly Heifers bred to Bell Colorado and Bell Proclamation with a turnout date of June 29, 2023. These ladies have been ultra-sounded and will be sold in their appropriate cycle come sale day. They've also received Spring and Fall shots; one round of Guardian. Gate Cut of 5 or more. More information will be available Sale Week!

Quick Reference to ASA EPDs and \$ Indexes

All-Purpose Index (API): Dollars per cow exposed under an all-purpose-sire scenario. (See below for more details.)

Back Fat (BF): Inches of backfat.

Birth Weight (BW): Pounds of birth weight.

Calving Ease (CE): Percent of unassisted births when used on heifers.

Carcass Weight (CW): Pounds of carcass weight.

Maternal Calving Ease (MCE): Percent of unassisted births in first-calving daughters.

Milk (MLK): Pounds of weaning weight due to milk.

Marbling (MRB): Marbling score.

Maternal Weaning Weight (MWW): Pounds of weaning weight due to milk and growth.

Ribeye Area (REA): Square inches of ribeye.

Warner-Bratzler Shear Force (WBSF): Pounds of force required to shear a steak.

Stayability (STAY): Percent of daughters remaining in the cowherd at 6 years of age.

Terminal Index (TI): Dollars per cow exposed under a terminal-sire scenario. (See below for more details.)

Weaning Weight (WW): Pounds of weaning weight.

Yearling Weight (YW): Pounds of yearling weight.

Yield Grade (YG): Yield grade score.

\$ Indexes: Though EPDs allow for the comparison of genetic levels for many economically important traits, they only provide a piece of the economic puzzle. That's where \$ indexes come in. Through well- conceived, rigorous mathematical computation, \$ indexes blend EPDs and economics to estimate an animal's overall impact on your bottom line. The same technology that led to the dramatic progress in swine, poultry and dairy genetics over the last several decades was used to develop the following \$ indexes:

All-Purpose Index (API): Evaluates sires for use on the entire cow herd (bred to both Angus first-calf heifers and mature cows) with the portion of their daughters required to maintain herd size retained and the remaining heifers and steers put on feed and sold grade and yield.

Terminal Index (TI): Evaluates sire for use on mature Angus cows with all offspring put on feed and sold grade and yield.

HOMO POLLED & COAT COLOR GUIDE

Bull	Cow	Resulting Calves
<i>HOMO POLLED - the bull carries two copies of the polled gene</i>		
Homo Polled	Homo Polled	100% Polled
	Hetero Polled	100% Polled
	Horned	100% Polled
<i>HETERO POLLED - the bull is polled, but carries one polled gene and one horned gene</i>		
Hetero Polled	Homo Polled	100% Polled
	Hetero Polled	75% Polled, 25% Horned
	Horned	50% Polled, 50% Horned
<i>HOMO BLACK - the bull carries two copies of the black gene</i>		
Homo Black	Homo Black	100% Black
	Hetero Black	100% Black
	Red	100% Black
<i>HETERO BLACK - the bull is black in color, but carries one black gene and one red gene.</i>		
Hetero Black	Homo Black	100% Black
	Hetero Black	75% Black, 25% Red
	Red	50% Black, 50% Red
<i>RED - the bull carries two copies of the red gene. This example assumes the bull is diluter free.</i>		
Red	Homo Black	100% Black
	Hetero Black	50% Black, 50% Red
	Red	100% Red
<i>Note: Red - Non-diluted bulls will not produce gray calves when mated to black cows.</i>
